Make Learning Alive

**TRUE NATURE
ADVISORS**

C 1102, Ajmera Green Acres
Bannerghatta Rd. Bangalore

How to adopt it?

School can use this fresh, holistic, approach

- As an indoor container growing program OR As an outdoor on ground program
- As a whole year program OR As a 16 week program
- As an Elective OR Summer workshop
- Adopt as schools own Nature program

Topics covered

Science (Soil, Plant, Environment, Nutrition)

Skill for a lifetime

Math application

Life Skills (Recognize abilities, handle setbacks, extend care, mutual support, self-generated rewards...)

*“Humans are from nature,
not the other way around...
In its lap discover your best
self! Explore, nurture,
experiment, learn.”*

How it benefits..

School Demonstration of profound commitment to an all-round education

Children Experience wider perspective of science & nature, reduced anxiety, rejuvenated focus

Parents Children receive a balancing dimension of exposure amidst increasing urban restrictions. Impossible for parents to substitute it.

“Make Learning Alive “
